

2016.2 SPONSORSHIP PROSPECTUS

October 22, 2016

phillydotnet.org

We are proud to announce our

24th Code Camp in 10 years!

In 2006, the first Philly.NET Code Camp was held on the campus of the Community College of Philadelphia. We shattered expectations by attracting over 400 Campers. Since then we've innovated and grown each year - constantly striving to provide the best developer conference possible. We have sold out every camp since that first one. In fact, attendee tickets have sold out within a matter of hours for each Camp!

Once again we will be holding the event at the Microsoft MTC in Malvern. Just like our 2015 Code Camps, we will offer two solid days of training. On Friday October 21 we will have full-day sessions and on Saturday October 22 we have our standard 65-session event. Saturday is the day we are looking for your sponsorship.

Every Philly.NET Code Camp attracts the biggest and best nationally known speakers. Some attendees travel for days to come to our event and we have become the largest Code Camp on the East Coast.

Within a week of opening our Call For Speakers, we received submissions from several of the most well-known and respected speakers in our industry. When speakers of this caliber come, the attendees follow. Once again we expect over 600!. Will you be a part of it?

"We have greatly benefited with our long term relationship with Philly.NET. We have lost count on how many developers we have placed because of this great organization."

Attendance

- 2016.1 - over 650
- 2015.1 - over 650
- 2014 - over 2000
- 2013.2 - over 800
- 2013.1 - over 750
- 2012.2 - over 700
- 2012.1 - over 725

Benefits of Sponsoring

Meet potential new hires!

We don't have to tell you how difficult it is finding developers. In the highly competitive market that we are experiencing today, the value of quality contacts cannot be overestimated.

PDN Code Camp attendees are exactly the kind of developers you want to work with. They are so invested in their careers that they spend a weekend keeping up with the latest technologies that you and your clients need. When you sponsor at the Gold level or above, you are entitled to a table at the event where we incentivize attendees to visit you. We will work with you to incentivize the visits to your booth, so that you get the absolute most out of your sponsorship.

Be a part of growing our Community

Sponsoring is not only a great investment, it's a superb way to connect with the amazing developer community in the Philadelphia area. You can help us to grow better and more passionate software developers.

We are always surprised at how many developers are unaware of local developer events. Those who do engage with the community are PASSIONATE about it, and strive to keep their skills on the cutting edge. These are the developers that are interested in career advancement and need your help to reach their goals.

2016.2 Exhibitors and Sponsors

We are pleased to announce that Philly.NET Code Camp 2016 is a two-day event scheduled for Friday October 21, 2016 and Saturday October 22, 2016. We are very excited that we will host Code Camp at Microsoft MTC in Malvern Pennsylvania! As usual our last event was one of our best Code Camps ever with over 650 registrations. We have sold out the past 23 code camps and we expect to sell this one out too!

This is a great opportunity for companies to connect with the best developers from the Philadelphia area including eastern PA, NJ, DE,

We're always taking renewed steps toward reaching the area's best developers and your sponsorship can help.
